Prioritet: Høj

Dear Dorte,

Could you please clarify the meaning in your e-mail.

Is it that:

(i) the original applications have not been received and as such the Danish EPA cannot accept them? or is it

(ii) that the DRR and the SIA report have not been accepted yet and as such the 3 day timeframe has not commenced?

If it is that you are waiting for the original documents they should be with you shortly as they were mailed last week from Australia. We have however sent the signed copies of the application by e-mail to Lone?

If it is that the DRR and the SIA report are very detailed and you need further information or clarification please don not hesitate to contact me to seek clarification.

Yours sincerely
Damien

Importance: High

Dear Damien

14-06-2010

For your information, I can tell you that the Danish Environmental Protection Agency, has not yet recieved your 3 application for import of waste to Denmark. The time in Denmark is now 11 o'clock in the morning.

Best regards

*Dorte Skjøtt Jakobsen
Secretary of Charge

Dear Lone,

I hope the attached provides you with the responses you require.

I have sent the original documents to you by international courier and they should be with you in the coming days.

Warm regards
Damien

Subject: SV: Orica Applications for Export [SEC=UNCLASSIFIED]

Dear Damien,

Thank you very much. I have this morning received 9 mails all dealing with the export of HCB waste from Australia to Denmark. These include 6 mails with notifications and 3 mails dealing with the duly reasoned request.

The Danish EPA reserves the right to suspend the processing of the notification, until the duly reasoned request has been assessed. The suspension includes among other the 3 day rule in art. 7 and the 30 day rule in art. 11. The suspension is called upon, to ensure a correct handling of the case under the rules of Regulation (EC) No. 1013/2006.

This is due to the fact that The Australian Government is obliged by Regulation (EC) No. 1013/2006 art. 41, 4 to send a duly reasoned request prior to the notification, when it, as a Party to the Basel Convention, export waste destined for disposal inside the EU.

We will inform you when we have finalised our assessment of the duly reasoned request and will begin

14-06-2010

processing the notification, and thereby activating the different rules.

A first look through the notifications shows that a few information's are missing:

1. The original notification has to be send to the Danish EPA
2. a copy of the notification has to be send to the transit country (e.g. South Africa)
3. Information regarding the carrier (box 8 in annex 1A))
4. Information regarding way of transport (box 8 in Annex 1B)
5. information on the intended routing (point 14 in annex II)
6. and the financial guarantee

If you have any questions to the "missing information" in the notification please contact Dorte Jakobsen for more information.

Best regards

Lone

Dear Lone,

Following our recent discussions please find attached the relevant documents for Orica's three applications to export up to 6,100 tonnes of HCB waste for final disposal over a 12 month period at the Kommunekemi high temperature incineration (HTI) facility in Nyborg, Denmark.

The attached documents include:

- (i) Basel Notification documents for the transboundary movements/shipments of waste (Annex 1A);
- (ii) Basel Movement documents for the transboundary movements/shipments of waste (Annex IB);
- (iii) The Duly Reasoned Request; and
- (iv) Sustainable Infrastructure Australia Pty Ltd's (SIA) independent report into Australia's capacity to treat the HCB stockpile.

The application numbers are AUH 082037T, AUH 0866370, and AUH 086937R.
These applications will be *Gazetted* and thereby made public in Australia on Thursday, 27 November 2008.
Please do not hesitate to contact me if there are any questions or problems with the attached documents.
Best regards
Damien

Due to the limits of our e-mail system I will have to send the attachments through to you in separate e-mails.

Please find attached to this e-mail:

- (i) the SIA Report

Damien
