Dear Damien,
Sorry that I'm so late with my answer, but I have some discussed about the answer.

At first I will inform you that I'm going to change my working place at the end of July. But my college Mrs Regina Heinrichs (heinchs@goes-sh.de) is involved in all information's about Orica. So we have no summer vacation. I'm not sure that I understand your question No. 3 right. According to our regulation we have a time period of 30 days to give our permit to a notification if the notifications are complete.

Further more I had a discussion with SAVA about the harbour Brunsbüttel and their storage facility. The result of our discussion is that SAVA will rent the storage. So SAVA is the Importer and the disposal facility. In this case we need only one financial guarantee for the SAVA..

A sufficient financial guarantee is for us 1210 Euro per tonne of waste.

Best regards from Schleswig-Holstein

Sven

Betreff: RE: Financial Guarrantees and motivated statement [SEC=UNCLASSIFIED]
Wichtigkeit: Hoch

Dear Lone *et al.*,

Thank you for your e-mail and for the information regarding the financial guarantees.

In response to you earlier question about timing and motivated statement.

I hope to provide you with the motivated statement in the coming week or two as we have just received the draft independent review of Australia's capacity to treat the HCB waste stockpile. Once this report is final we will send you the motivated statement. I expect this to occur before COP9.

Can I please ask you, Sven and Joachim the following questions?

- (i) how long will you all be on summer vacation for?
- (ii) will there be anyone available to review the motivated statement in your absence, and
- (iii) how long will you need to review and comment on the suitability of the motivated statement once it has been provided to you?

Thank you in advance for your response and assistance in this matter.

Regards
Damien

Importance: High

Dear Damien,

The notifier shall provide a financial guarantee corresponding to DKK 3,000 per tonne of waste to the authorities of the exporting country. If the Danish EPA estimates that the expected costs for transport, disposal, recovery and storage will derogate significantly, the Danish EPA may decide that the financial guarantee shall constitute a larger amount than DKK 3,000 per tonne.
 Draft of financial guarantee from Denmark is enclosed.
 I hope this clarifies your question.

Best regards
 Lone

Prioritet: Høj

Dear Lone, Camilla, and Sven

I have been approached by Orica to enquire on their behalf regarding the exact wording and the actual size of the financial guarantees that would be needed by Orica were they to lodge an application for export.

Your advice on this matter would be greatly appreciated.

Warm Regards
 Damien

Subject: Financial Guarrantees

Damien,

Thanks for your offer to request the extent of the financial guarantees (FGs) required by the various authorities. Please note that Orica will hold a total of \$A 130M insurance - \$70M primary and additional \$60M for marine.

1. We understand FGs will be required for the following:
 - Danish EPA (Kommunekemi) - 6010 tonne waste in the application for two shipments in one year
 - GOES (Sava) - 2130 tonnes waste in the application waste in the application for two shipments in one year
 - Staatliches Umweltamt Itzehoe (Hafengesellschaft Brunsbuttel) - storage at the port of a maximum 1200 tonne waste

2. German FGs were approx. Euro 400 - 500 / tonne based on 50% of the annual volume in our earlier applications.

3. Hafengesellschaft Brunsbuettel (Brunsbüttel Port Store) - the licence suggest Euro 1.4 M for 16,000 tonne - on a proportional basis I assume this would be approx. Euro 90 per tonne.

4. It would be worth checking any specific requirements for the wording of the FGs. The German Authorities were very particular. I have attached the FG prepared for Lanu, who was the competent authority for Sava. The specific wording which was required is in the section beginning:

"IN CONNECTION WITH:
THIS BANK GUARANTEE..."

Please let me know if you require any more information.
