Prioritet: Høj

Dear Lone,

Following our recent discussions please find attached the relevant documents for Orica's three applications to export up to 6,100 tonnes of HCB waste for final disposal over a 12 month period at the Kommunekemi high temperature incineration (HTI) facility in Nyborg, Denmark.

The attached documents include:

- (i) Basel Notification documents for the transboundary movements/shipments of waste (Annex 1A);
- (ii) Basel Movement documents for the transboundary movements/shipments of waste (Annex IB);
- (iii) The Duly Reasoned Request; and
- (iv) Sustainable Infrastructure Australia Pty Ltd's (SIA) independent report into Australia's capacity to treat the HCB stockpile.

The application numbers are AUH 082037T, AUH 0866370, and AUH 086937R.

These applications will be *Gazetted* and thereby made public in Australia on Thursday, 27 November 2008.

Please do not hesitate to contact me if there are any questions or problems with the attached documents.

Best regards
Damien

Due to the limits of our e-mail system I will have to send the attachments through to you in separate e-mails.

Please find attached to this e-mail:

- (i) the SIA Report
